

# You Don't Have to Settle for Second!

**When it comes to great tacos,  
nobody beats Taco John's.**

Our famous crispy tacos are loaded with specially-seasoned beef.  
Fresh, crisp lettuce. Plenty of shredded cheddar cheese.  
And of course, Taco John's own signature mild sauce.

It's all stuffed into a crisp taco shell that hasn't been  
sitting around under a heat lamp. In fact, at Taco John's,  
we fry our taco shells fresh every day.

And you can customize it just the way you want it at our Salsa Bar.
